

A close-up, slightly blurred photograph of a person's hands. The person is holding a white paper cup of coffee in their left hand and a black smartphone in their right hand. They are wearing a blue and white plaid scarf and a brown knitted sweater. In the background, a small, light-colored dog is visible, looking towards the camera. The overall tone is warm and casual.

BUSINESS HIGHLIGHTS 1-3/2017

BANKING BUSINESS

- Commission income up
- NII decreased y-o-y
 - Lower yield from liquidity portfolio
 - Continued NII improvement from borrowing & lending
- Full-scale implementation of core banking system planned to H2 2017
 - Higher IT expenses increased total costs
- Increased new lending to households
- Continued growth in Private Banking client base and AuM
- Aktia renewed its organisation (5 May 2017)

ASSET MANAGEMENT

- Strong market development and sales boosted commission income
- Net inflow increased, mutual funds at all-time high EUR >4,6bn
- One-time costs from restructuring EUR 0.7 million

INSURANCE

- Life Insurance net investment income improved by sales gains
- Life Insurance Investment portfolio yield 0.2 (2.0)%
- Life insurance premiums written unchanged

CORE BANKING SYSTEM

- **The full-scale implementation planned to take during the second half of the year.** Implementation of the new core banking system step-by-step commenced in the first quarter of 2017 with a limited group of customers.
- **The total investment,** including migration costs, is estimated to exceed EUR 65 million, and the total activated investment costs for the project are estimated to amount to approximately EUR 60 (previously approx. EUR 55 million) million
- **The implementation step-by-step implies higher running IT costs in 2017.** The cost savings brought by the new core banking platform will materialise gradually from the second quarter of 2017 onwards.

Aktia

OUTLOOK FOR 2017 (UNCHANGED)

The continued low interest rates have a negative impact on the yield from Aktia's liquidity portfolio, resulting in lower net interest income than in 2016.

Write-downs on credits are expected to remain low in 2017.

The operating profit for 2017 is estimated to be lower than in 2016, as no larger one-time gains are expected.
